

EDUCATIONAL OPPORTUNITY PROGRAM
2013 SUMMER INSTITUTE REQUEST FORM

Dear Student:

The Educational Opportunity Program at Onondaga Community College would like to invite you to participate in the 2013 Summer Institute (ESI).

The program is designed to allow EOP students the opportunity to improve their writing, reading, mathematic and study skills before the start of the fall 2013 semester. If you qualify for the Educational Opportunity Program, you may be eligible to take these courses during our summer program for free!

ESI offers class instruction, tutorial services, and academic and personal counseling. Additionally, books, public transportation and lunch are provided for free. In turn, students are expected to participate in all classes and student enrichment programs to maintain program eligibility.

This program will be in session starting July 8, 2013 and will run Monday through Friday until course completion. Supplemental clinics will be offered on the weekend based on academic progress or instructor referral. The weekly schedule is as follows:
