**Onondaga Lazers Future Stars Basketball Camp**

**boys ages 8-17**

**session I:**
June 30-July 3, 2008
8:30 a.m. - 5:00 p.m.
Monday through Thursday

**session II:**
August 4-8, 2008
9:00 a.m. - 4:00 p.m.
Monday through Friday

**session III:**
August 11-15, 2008
9:00 a.m. - 4:00 p.m.
Monday through Friday

These Basketball Camps will emphasize basketball basics, which will be developed and sharpened through daily sessions. Fundamentals will include shooting, ball handling, passing, rebounding, individual moves, movement without the ball, defensive skills, and conditioning. Game situations each day will provide practice of fundamentals in a competitive atmosphere.

To find out more and to register, go to sunyocc.edu, click on “Athletics,” then click “Camps and Clinics” and select Basketball.

**Men’s Coach Pasiak 498-2510**
**Women’s Coach Wheeler 498-2524**

---

**Lady Lazers Basketball Camp**

**girls ages 7-17**

July 28 - August 1, 2008
9 a.m. to 4 p.m.

The college swimming pool will be available for use from 3 to 4 pm on the first four days of camp each week.
ART.CE-019

Acrylic Floor Cloths

How exciting is this class? It is acrylic painting, drawing and crafting all in one! We will turn ordinary canvas into a floor cloth (like a rug - then create your personal work of art on it). The possibilities are endless. You could paint something to match your room at home, or your pet’s portrait, or create a gift for someone special. Instructor: Jennifer Nappi

MAG.CE-008

Advanced Magic

Become the best magician you can be! This advanced class will help you develop your sleight-of-hand skills using coins, cards, balls, and thimbles. You’ll also learn methods for making your performance more fun and entertaining. Students put on a magic show on the last day of class. Participants should be familiar with basic magic skills taught in Ron Cain’s first magic class (It’s Magic! MAG.CE 001). Instructor: Ron Cain

SCI.CE-005

Aerospace Engineering

Ever wonder how space transportation works? This course will give you an opportunity to design, construct, and test a rocket that is powered by water pressure. Your design ideas will be simulated on a three-dimension engineering program. This will help give you an idea of what it will look like before you start the building process. You’ll be amazed at how high these rockets travel! By using simple math and science, you can create a rocket that travels at least 500 feet! You may design your rocket to release a parachute or banner at its highest point, carry an egg back to earth without breaking, or compete in the longest and highest flight competition. It’s up to you, the aerospace engineer, to design a rocket that meets your needs! Students will view age-appropriate movies while working on their projects. Instructor: Scott Stagnitta

PEH.CE-014

Afternoon Sports

Come and play organized activities such as capture the flag, volleyball, pin bombardment, Frisbee, kickball and hoop ball in a fun-filled environment! Bring sneakers and hats to wear outside and for the games. Instructor: Rick Lefler

FAM.CE-012

Aloha!

In this new class you will learn about our 50th state: Hawaii. Every day there will be a fun activity to make and take home. We will end the week with a Luau and sample authentic Hawaiian food. Instructor: Terrie Craver

MUS.CE-005

American Idol CKF Style

Attention all singers, dancers, sports pros and actors! If you have a talent, we want to see it! Please join us as we explore creative talents through skits, writing, sports and more as we search for the new College for Kids ‘American Idol’. We will end the week with a talent show! So starting thinking of the talent you would like to showcase! Instructor: Beth Navarra

ART.CE-024

Animal Painting

Wild, wooly, wonderful animals - everyone loves them! Whether it’s a majestic lion from the jungle or your pet kittens, a dangerous dragon or your dog, it’s challenging and exciting to be able to draw animals. Wouldn’t you like to capture your favorite animal in acrylic painting? Instructor: Jennifer Nappi

PEH.CE-011

Archery: Beginner & Intermediate

Take a Robin Hood adventure! Learn how to hold a bow and arrow and to aim at various targets! Let the archery competitions begin! Each student will take home a target, have a drink and snack, and receive an award. This class will be held in a classroom if inclement weather occurs. Instructor: Rick Lefler

FAM.CE-008

Board Game Bonanza

Have you ever had a boring day? How about a board game to bring some excitement to those rainy day blues? In this course we will play board games from the past and present in a fun and relaxing atmosphere. You will learn how to play several games throughout the week. Come join us in this Board Game Bonanza! Instructors: Marc Herron and Juliana Herron

FAM.CE-007

Card Sharks

King’s Corners, Rummy 500, Crazy Eights – these are just a few of the card games you will learn how to play. You will also learn how to play different types of solitaire. Teach your family and challenge your friends. You will receive your very own deck of cards! Instructor: Beth Navarra

ART.CE-001

Cartoon Animal Safari

Do you like animals? Learn to draw your favorites, from wiggly worms and cute kittens to flying eagles and majestic horses. Create your own mythological creatures. Instructor: Mike Carter

PEH.CE-040

Circus Skills

Ever thought about running away and joining the circus? Well, now you can by taking this class. You will develop skills in juggling, using devil sticks, diablos, spinning plates and much more! Instructor: David Fern

PEH.CE-039

Cooperative Games

Cooperative games emphasize participation, challenge, and fun! They also emphasize play rather than competition. These games encourage team-work and creative thinking, and help players realize that everyone can win. There may be competition involved, but the outcome of the competition is not losing and sitting out the rest of the game. Instead it may involve switching teams so that everyone ends up on the winning team. This class will be held in a classroom if inclement weather occurs. Instructor: Diane Elovaris

WSC.CE-001

Creative Writing

Have you always wanted to be a writer? In Creative Writing, you will explore your creativity and write your own children’s story as a group! You will explore different ways to use words and even write your own story. Instructor: Tanja Cosentino

FSA.CE-001

Delicious Desserts

Would you like to make an easy dessert that will satisfy your sweet tooth, but one that you will be proud to serve your family? We will make various easy desserts that range from scrumptious chocolate-dipped fruit to a warm and easy pie. We will learn basic techniques of baking and will make desserts that are designed to satisfy you and your family. This class uses prepared foods to create the desserts. Instructor: Karen Lewien
ART.CE-003
**Drawing People You Know**
Learn to draw people! Find out how to capture a likeness so people know whom you’re drawing. Draw your favorite celebrity or family member. No previous drawing experience needed. Instructor: Mike Carter

ART.CE-004
**Fabulous Fun Foam I**
Have you ever walked through the craft store and seen all that colorful foam but have no idea what to do with it? Now you will! In this class you will make tons of cool things with craft foam. A tissue box cover, memo pads, photo book, picture frame and woven basket are just a few examples. Create at least one new craft every day! Instructor: Terrie Craver

ART.CE-025
**NEW**
**Fabulous Fun Foam II**
If you liked Fabulous Fun Foam I, you’ll love Fabulous Fun Foam II! You’ll make at least one creative project every day, from cool CD holders to beautiful windsocks. Come check it out! Instructor: Terrie Craver

PEH.CE-007
**Golf, Golf, Golf**
Are you the next Tiger Woods? Come learn the basic fundamentals of golf, including essential rules and etiquette, along with the use of various clubs. From the grip, to the stance, to the swing, you will learn the correct way to play golf. The instructor will supply all clubs and golf balls. Just bring your desire to learn a fun game and swing into summer! This class will be held in a classroom if inclement weather occurs. Instructor: Edward Bates

SEW.CE-002
**Intermediate Sewing**
Calling all experienced sewers! If you have some sewing experience and want to explore further into the sewing zone, check out this class. Together we will discover the exciting world of patterns, allowing you to create something appealing to take home. Instructor: Jennifer Blansett

MUS.CE-004
**NEW**
**Introduction to Broadway**
Join us in learning about the wonderful world of musical theater. Students will participate in acting, singing, and dancing while learning about various shows that have been on Broadway throughout the years. The class will culminate with a performance by the students on the final day. Instructor: Mary Juman

FAM.CE-011
**NEW**
**It’s All American**
In this new class you will learn many things about America! Every day there will also be a fun activity to make and take home. On Friday we will have an all-American picnic complete with hotdogs and apple pie. Instructor: Terrie Craver

FAM.CE-009
**NEW**
**Make ‘Em Laugh**
Learn some of the best jokes ever told and how to tell them. Play fun games that engage your imagination. Write your own sketches and stand-up comedy routines, just like your favorite celebrities. Instructor: Michael Carter

MAT.CE-001
**Math Fun**
Find out how to mix math with food! Come play some games to improve your math skills! We will explore math activities through centers, or small groups. Instructor: Jennifer Blansett
**SC.LCE-001**

**Mechanical Engineering**
Design, construct & test a vehicle that is powered by a single mousetrap. By designing and building your mousetrap vehicle, you will turn your ideas into a working machine. Your goal is to see how far your vehicle can travel. Using Math, Science and Technology, you can create an amazing mousetrap vehicle. Instructor: Scott Stagnitta.

**MAG.CE-002**

**Monster Survivor**
Enter the frightening world of Monster Survivor! After being assigned to one of four tribes (Vampires, Werewolves, Zombies and Space Aliens), students participate in monstrous “Survivor”-like competitions. They also study monster legends lore and watch scenes from scary movies. Tribe contests include a terrifying trivia bee, freaky food contest, mummy wrap, monster puppets, and other tests of courage and survival skills. On the final day, tribes have a monster make-up contest and perform scary skits. Not for the faint of heart! Instructor: Ron Cain

**PEH.CE-042**

**Not Your Average Kickball Game**
Tired of just playing kickball? Give this class a try and you’ll never want to play regular kickball again! Matball, krazy kickball, and 6-base kickball are sure to get you moving and having a ball! This class will be held in a classroom if inclement weather occurs. Instructor: David Fern

**ART.CE-010**

**Papier Mache Creations**
Imagine creating masks, sports figures, animals, jewelry and puppets by using papier mache and plaster craft. Accent your creations with paint, feathers, sequins, felt and more. Instructor: Lindsay Kowell

**PEH.CE-013**

**Project Adventure**
Like to have fun with others? Like to play games? If you answered yes, then this is the class for you! Learn strategies to help your teammates out while having lots of fun in the process. This course is geared toward working together in a non-competitive setting. It offers many new ideas for problem solving, team work and empathy. Instructor: Rick Lefler

**SC.LCE-002**

**Science Creations**

**ART.CE-022**

**Scrapbooking**
Become a “memory-keeper!” Take this step-by-step class to learn new and easy techniques to use when you scrapbook. We’ll use these strategies in class and you’ll actually have a handmade scrapbook completed when the week is over. Your scrapbook will be personal, creative & meaningful for you or someone you love. This class is for beginners, experienced scrapbookers, and everyone in between. Instructor: Suzanne Gianquitti

**FSA.CE-003**

**Scrumptious Snacks**
A scrumptious snack can be anything that fills those empty moments between main meals. It might be a creamy milk shake, popcorn or a roll filled with some of your very favorite foods. Breads and cold meats are featured in many snacks, as well as sweets and other goodies. This class uses prepared foods to create snacks. Instructor: Karen Lewien

**SEW.CE-001**

**Sewing for Beginners**
Come one, come all! Offering a delightful introduction to the world of sewing for kids, this class will start with some sewing basics. Discover the wonders of a sewing machine while creating a few projects to take home. Instructor: Jennifer Blansett

**MUS.CE-003**

**Singing 101**
Could you be the next American Idol? Learn the basics of becoming a good singer and how the human voice works. Each student will prepare a song and perform on the last day of class. Don’t be nervous about singing by yourself. You can also choose to sing a duet, a trio, or even in a small group. Instructor: Mary Juman

**PEH.CE-041**

**Soccer Skills**
This course is uniquely designed for players of all ages and any skill level. Players just starting out will learn basic skills. For more experienced players, the training will be more intricate with an emphasis on foot skills. Daily scrimmages that focus on game strategy will take place for all age levels. This class will be held in a classroom if inclement weather occurs. Instructor: Diane Elovaris

**SPA.CE-001**

**Spanish for Kids (Beginner)**
Explore the Spanish Language and culture through a variety of activities in this fun-filled course! We will not only learn how to speak Spanish, we will also play games in Spanish, celebrate Latin-American holidays, and even create some personalized Spanish-style crafts. Join us as we assimilate into the Hispanic Culture! Instructor: Juliana Herron

**SPA.CE-002**

**Spanish for Kids (Intermediate)**
This course continues to explore the Spanish language, culture, and traditions through a variety of fun activities and games. We will build upon previously learned vocabulary. Pre-requisite: Spanish for Kids (Beginner) SPA.CE 001. Instructor: Juliana Herron

PEH.CE-010
Tennis
What a great way to spend a morning! If you’re a beginner, you’ll receive instruction and practice in the basic tennis strokes, serve and more! If you’re an intermediate with some experience, you’ll improve your strokes, serve and strategy. Bring your own racket. Use of tennis courts is contingent upon availability—if courts are unavailable, class will take place in the gym. Instructor: Doug Annable

RDG.CE-007
The Learning Garden (Gardening)
Let’s grow together! This truly inspiring class will have you learning so many awesome things about gardening and enjoying many wonderful books, songs and games about things that grow. We will study everything from preparing your soil to the maintenance and care of growing a garden. AND… you will have a true sense of accomplishment when you get to take home some plants you have started. You’ll get to see them grow all year long into something to eat or something to simply enjoy looking at and caring for. We’ll even enjoy a “Harvest Celebration” to which you will be able to invite your loved ones on the last day of class. Our celebration will be a time to enjoy delicious treats that can be easily grown in a home garden, and you can share all your new learning with others. Instructor: Suzanne Gianquitti

MAG.CE-003
Tricks, Gags & Jokes
Learn all the great tricks and gags every kid should know! Then show off your gift for comedy in our vaudeville-style variety show on the last day of class. In addition to rehearsing funny stunts for the show, students learn yo-yo tricks, juggling, balloon sculptures, string tricks, bubble magic, card castles, and paper airplanes. Instructor: Ron Cain

CODE OF CONDUCT

MISSION STATEMENT: We strive to provide your children with a safe, positive and fun learning environment where respect and compassion for others is the highest priority. In keeping with these standards, we will provide your children with a rewarding summer experience they will remember for years to come.

Any student who partakes in the following activities could result in immediate expulsion without refund, from the program:

- Any conduct that violates the laws of the United States, the state of New York and/or Onondaga County
- Physical abuse, verbal abuse, threats, intimidation, or stalking that threatens or endangers the health, or well-being or safety of any person.
- Attempted or actual theft or defacement of the College and its property.
- Possession of or distribution of any illegal drugs, controlled substances, firearms or weapons.

Any student who partakes in the following activities could result in immediate expulsion without refund, from the program:

- Stealing or attempting to steal or deface another student's work or belongings.
- Bullying of any kind (the intimidation, maltreatment, harassment, or singling out of another individual).

Discipline Procedure

1. Student's actions will be reported to the coordinator or his/her designee.
2. Coordinator or designee will speak with child/ren involved and write a written summary of the incident.
3. If the reported conduct is found to be true the parents of the children involved will be informed verbally.
   a. First offense- verbal warning to student and parent.
   b. Second offense- second verbal warning and "time-out" from class in the coordinator's office.
   c. Third offense- parent contacted, child sent home for one day.
   d. Fourth and Final offense- parent contacted student expelled from the program without a refund.

Our goal is to give each and every child the opportunity to grow and learn in a new and exciting environment. We will strive to let children express themselves as freely as possible without being disruptive or endangering to him/herself or others.

I have read and understand the code of conduct policy.
