Annual Security Report

A Letter from the Director of Campus Safety & Security

Dear Students, Colleagues, and Members of the Community:

On behalf of Onondaga Community College, thank you for sharing our concern for campus safety and security. Enclosed please find the College's Annual Security and Fire Safety report pursuant to the Jeanne S. Clery Act and amendments. At Onondaga, our foremost concern is the safety and well-being of students, faculty, staff, and visitors. The Department of Campus Safety and Security is dedicated to advancing the safety, security, and quality of life within our community, 24 hours a day. The Department of Campus Safety and Security is staffed by a team of 16 professional sworn law enforcement officers, as well as Security Guards, and related support staff. All members of the Department routinely visit offices and residence halls to discuss and promote safety.

Onondaga Community College has more than 4000 students, with approximately 2,000 faculty and staff. Onondaga Community College consists of 18 academic, residential, administrative buildings and athletic complexes including the SRC Arena and Events Center, a 6,000 seat multi-use facility that plays host to a variety of sporting and cultural events; all located on our main campus in Syracuse, New York. Onondaga also has a satellite site located on Rte. 57 in Liverpool, New York as well as classes taught in partnership with the Onondaga County Department of Social Services.

Onondaga provides an array of campus security programs including, but not limited to, our Community Policing initiative, safety training for a variety of hazards, and a robust campus surveillance system. Trained investigations personnel address serious and sensitive cases reported to the department while our bicycle patrol provides a high visibility opportunity for officers to interact with the campus community while promoting Onondaga's commitment to sustainability. Additionally, the department meets regularly with local police, fire and emergency management offices from across Onondaga County seeking novel methods for enhancing campus safety.

While the College has robust policies and procedures designed to maximize the safety of students and their possessions, it is imperative that students, faculty, and staff enhance their own safety by taking simple, common-sense precautions, and by reporting information about a crime or emergency to the Department of Campus Safety and Security.

Onondaga Community College's Department of Campus Safety and Security strives to promote and maintain a campus environment conducive to safety and academic success. A truly safe campus can only be achieved through the cooperation of the entire campus community. With that cooperation, participation, and commitment, we are confident we will continue to be one of the safest community colleges in New York State.

Sincerely,
Chief Jeff Peckins
Director of Campus Safety and Security

About the Clery Act

The Jeanne S. Clery Disclosure of Campus Security Policy and Crime Statistics Act (Clery) is a federal law originally passed in 1990 that amends the Higher Education Act of 1965. The original act and several subsequent amendments require institutions of higher education to take certain steps to enhance safety on campus and to notify campus constituents of safety and security conditions on campus. The Clery Act requires that every college:

1. publish an annual report no later than October 1st of each year that contains three years of campus crime statistics as well as description of specified safety and security related policies.
2. disclose crime statistics for the campus, on-campus Residence Halls, public areas immediately adjacent to or running through the campus and specified non-campus facilities operated by the College. Statistics must be gathered from campus law enforcement and relevant community law enforcement agencies, as well as specified campus officials who work in roles where they might encounter reports of criminal activity.
3. provide “timely warning” of specified crimes that occur on campus or nearby where the nature of the crime poses an ongoing threat to the campus community.
4. maintain and disclose upon request a log of any crime that occurs on campus or within the patrol area of campus police.
5. disclose any formal agreements with state and/or local law enforcement agencies.

Preparing & Reporting the Annual Disclosure of Crime Statistics

The Director of Campus Safety and Security prepares this report to comply with the Clery Act. This report is prepared in cooperation with local law enforcement agencies as well as the Office of Residence Life, the Office of Student Conduct and Community Standards, and various other departments and offices.

Statistics are compiled in accordance with the Uniform Crime Reporting System of the Department of Justice and the Federal Bureau of Investigation. Campus crime, arrest and referral statistics include those reported to Campus Safety Authorities (CSA) as well as those reported directly to Campus Safety and Security personnel. Crimes are reported that occur on campus, on locations that are contiguous to the campus, and buildings or properties that are either owned or controlled by a campus-affiliated entity, including officially recognized student organizations. Campus policy encourages every member of the campus community to report a crime promptly to Campus Safety and Security or a CSA. The College’s Counseling Department informs their clients of the College’s voluntary confidential reporting procedures in the event a person does not want to pursue action either within the federal or state criminal justice system or within the College’s discipline system.

A procedure is in place to capture crime statistics that are disclosed anonymously to Campus Safety and Security.

At the start of each semester, an e-mail notification is sent to all enrolled students, faculty and staff. The communication provides web site information to access this report. Copies of the report may also be obtained at the Campus Safety and Security office located in the Service and Maintenance Building on the main campus. Anyone, including prospective students, may obtain a copy by calling Campus Safety and Security at (315) 498-2478 or by visiting the College’s website at: www.sunyocc.edu.

Of note, the Clery Act may define a crime differently than the New York State Penal Law. For the purposes of this Report, the College uses the Clery Act definitions for all crimes. Please see the section for the College’s crime statistics for the definitions.

OCC Department of Campus Safety & Security:

The mission of the Department of Campus Safety and Security is to provide protection for all students, faculty, staff, and visitors; to protect all real and personal property; and to enforce College policies, regulations, and the laws of the State of New York.

The Department consists of 16 armed and sworn law enforcement professionals who, through extensive training, have gained Peace Officer status with New York State's Department of Criminal Justice Services (DCJS) with powers of arrest, search and seizure as defined in New York State Procedural law. As part of their policing authority, they also have the authority to take into custody and transport, in accordance with the NYS Mental Hygiene Law, a person likely to be a danger to themselves or others, conduct a temporary detention and emergency search for a weapon, and accept possession of lost property.

Peace Officers employed by Campus Safety and Security have complete authority to apprehend and arrest anyone involved in illegal acts on campus and areas immediately adjacent to the campus, as well as any College operated facility. If offenses involving violations of the Student Code of Conduct occur, campus Peace Officers may also refer the individual to the College's Office of Student Rights and Responsibilities.

Patrol

Campus Safety Uniformed Patrol Officers provide exemplary community-focused law enforcement services to OCC students, faculty, staff, and visitors, using vehicle, foot, and bicycle patrol. Campus Safety Officers are on duty twenty-four hours a day, three hundred and sixty five days a year and are the primary law enforcement agency on campus. It is the mission of the Officers to provide polite, professional police services that exceed the expectation of those they serve. As ambassadors for the law enforcement community, officers continually partner with members of our community to build relationships, trust, and solve problems. Campus Safety provides law enforcement services for special events and collaborates with partners within Residence Life and Student Organizations. The Officers have continuously been involved in community-oriented events throughout the years to include "Pink Badge October" and "No Shave November" to help raise cancer awareness.

Campus Safety Bike Patrol

The Campus Safety Bike Patrol is a common and welcome sight on the college campus, providing community contact, cycling education, and general and special patrol services. The bike patrol is available all hours of the day or night, in most weather conditions, and is effective at parades, sporting events, and other special occasions.

Campus Safety Bike Patrol officers use specially equipped mountain bikes to provide police services to the College community. All members are trained and certified by the state of New York in the safe, proper, and effective use of police mountain bikes for patrol purposes. These bike patrol officers respond to calls for service and medical emergencies, provide traffic control, and enforce OCC's Campus Code of Conduct in addition to New York State laws.

Events Security and Planning

OCC Campus Safety Associate Directors manage events planning and works with the College's Events Team. Campus Safety works with students, staff, and faculty to provide security staffing for numerous events on campus. If you are planning or wish to schedule an event on campus contact Sara Conway, Assistant Director of Events, at s.j.conway2@sunyocc.edu or (315) 498-6050.

Relationship with external Law Enforcement Agencies

By formal mutual agreement with the Onondaga County Sheriff's Department, Campus Safety and Security will cooperate in the investigation of any Violent Felony offense that has occurred on campus. A Violent Felony offense is defined in Section 70.02(1) of the Penal Law of the State of New York.

Campus Safety and Security works closely with local, state and federal police agencies and has direct radio communication with all law enforcement agencies in Onondaga County. Additionally, Campus Safety and Security is part of the Onondaga County 911 Emergency Communication System.

The College responds to criminal activity engaged in by students at off campus locations that is reported by local law enforcement agencies and provided to Campus Safety and Security. The information provided will be referred to the Office of Student Rights and Responsibilities for review and possible action.

Community's Role in Maintaining a Safe and Secure Campus

It is important for students, faculty, and staff to remember that the safety and security of the College is the combined responsibility of the entire community. Safety is a two-way street, and the community must take precautions to protect itself.

The Department of Safety and Security works closely with a select group of Onondaga Community College students and employees. These students perform routine security functions on campus, such as building security inspections, parking lot patrols, security escorts, Residence Hall building access control and assistance with on campus emergency exercises.

Community members need to utilize services, not just be aware of them. Each of you must assume a personal responsibility by taking precautions to prevent yourself from becoming a victim. The more people are looking out for one another, the more effective we will be at collectively protecting our community.

Campus Safety and Security Policies

Employees, students, and community members should report all crimes, suspicious incidents, public safety issues or suspicious activity to the Department of Campus Safety and Security in a timely manner. To report a crime, contact the Department of Campus Safety and Security at the numbers listed below, or by using the College's emergency blue light system.

Non-Emergencies	(315) 498-2478
Campus Emergencies	(315) 498-2311

Campus Safety Dispatch Center

Campus Safety and Security Dispatch Center is a public safety answering point that is staffed with trained Clerk II 24 hours a day. The dispatch center, located in the Service & Maintenance Building, receives, processes, and prioritizes all emergency and non-emergency calls. The center utilizes a multi-line telephone system and a Computer Aided Dispatch (CAD) system to enter, process, and log calls for service, while receiving and responding to all police radio transmissions. The center monitors security cameras, fire and building alarms. Campus Safety is in direct contact with the County 911 Center on an ongoing basis.

What to expect when calling Campus Safety / 911

All phones do not automatically register a caller's name and exact location information. When calling Campus Safety, tell the dispatcher your name & the location of your emergency. Information Aides will ask questions regarding the emergency to determine the proper department response or redirect the call to another law enforcement or fire department based on the location of the emergency. The information provided when reporting assists responders and helps determine whether emergency notifications are necessary. When calling to report a crime or incident, be ready to answer the following questions:

1. Where is the incident occurring?
2. What is happening?
3. When did the incident occur?
4. Who is involved?
 - a. Where and when the suspect(s) were last seen.
 - b. Suspect(s) description (e.g., gender, race, age, height, weight, hair color/length, clothing, facial hair, tattoos/scars).
5. Weapon(s), if any, and a description.
6. Other relevant information

In cases where there is an allegation of violations of the Student Code of Conduct, Campus Safety and Security will forward copies of the report and any supplemental information learned during an investigation to the Office of Student Rights and Responsibilities.

Offenses involving sexual violence, domestic or dating violence, stalking, sexual harassment, or similar behaviors also may be reported to the Title IX Coordinator, Hailey Warren, h.warren@sunyocc.edu, (315) 498-2613 for review and possible action.

Notably, reporting crimes expeditiously to the Campus Safety and Security Department and/or the Title IX Coordinator will aid the College in providing timely warning notices to the community, when appropriate.

Voluntary Anonymous Reporting Procedures

1. The Department of Campus Safety and Security encourages anyone who is a victim of or witness to a crime to promptly report the incident to Campus Safety and Security. Police records are public records under state law so the Department of Campus Safety and Security cannot hold reports of crime in confidence.
2. Victims of a crime who do not wish to pursue action within the College disciplinary system, or the criminal justice system, may still choose to file an anonymous report. With the individual's permission and with the assistance of the Counseling Department, the Director of Campus Safety and Security or a designee can file a report that documents the details of the incident without revealing the victim's identity. The counseling department has measures in place to ensure that confidentiality is kept throughout the process.
3. The purpose of the anonymous report is to comply with the individual's wish to maintain anonymity while taking steps to promote the future safety of all members of the campus community. With such information, for instance, the College can keep accurate records of the number of incidents involving students, determine if there is a pattern of crime in a location, with similar methods, or assailants, and alert the campus community to potential danger. Reports filed in this manner are counted and disclosed in the annual crime statistics for the institution.
4. Anonymous reports can be initiated by contacting the Counseling Department at (315) 498-2436 or by reaching out anonymously to the Title IX Coordinator at (315) 498-2119, who will provide consultation and resource referral without seeking information about your identity.

Confidentially Disclosing Sexual and Interpersonal Violence

The State University of New York and Onondaga Community College want you to receive the information and support you regardless of whether you would like to move forward with a report of sexual violence to campus officials or to police. You may want to talk with someone about something you observed or experienced, even if you are not sure that the behavior constitutes sexual violence. A conversation where questions can be answered is far superior to keeping something to yourself.

Privileged and Confidential Resources

Individuals who are confidential resources will not report crimes to law enforcement or College officials without your permission, except for extreme circumstances, such as a health and/or safety emergency. The confidential resource available at Onondaga Community College is Counseling Services: (315) 498-2675.

Off-campus options to disclose sexual violence confidentially include (note that these outside options do not provide any information to the campus):

1. Off-Campus Counselors and Advocates- Crisis services offices will generally maintain confidentiality unless you request disclosure and sign a consent or waiver form. More information on an agency's policies on confidentiality may be obtained directly from the agency.
 - a. New York State Coalition Against Sexual Assault: <http://nyscasa.org/>
 - b. Vera House: <https://www.verahouse.org/> or 24-hour crisis line: (315) 468-3260
2. Off-Campus Healthcare Providers- Note that medical office and insurance billing practices may reveal information to the insurance policyholder, including medication and/or examinations paid for or administered. The New York State Office of Victim Services may be able to assist in compensating victims/survivors for health care and counseling services, including emergency compensation.

More information may be found here: <https://ovs.ny.gov/help-crime-victims> or by calling 1-800-247-8035.

Note that even individuals who can typically maintain confidentiality are subject to exceptions under the law, including when an individual is a threat to him or herself or others and the mandatory reporting of child abuse.

Privacy Versus Confidentiality

Even Onondaga Community College offices and employees who cannot guarantee confidentiality will maintain your privacy to the greatest extent possible. The information you provide to a non-confidential resource will be relayed only as necessary to investigate and/or seek a resolution and to notify the Title IX Coordinator or designee, who is responsible under the law for tracking patterns and spotting systemic issues. The College will limit the disclosure as much as possible, even if the Title IX Coordinator determines that the request for confidentiality cannot be honored.

Requesting Confidentiality

1. If you disclose an incident to a College employee who is responsible for responding to or reporting sexual violence or sexual harassment but wish to maintain confidentiality or do not consent to the institution's request to initiate an investigation, the Title IX Coordinator must weigh your request against our obligation to provide a safe, non-discriminatory environment for all members of our community, including you.
2. We will assist you with academic, housing, transportation, employment, and other reasonable and available accommodations regardless of your reporting choices. While reporting individuals may request accommodations through several College offices, the following office can serve as a primary point of contact to assist with these measures: Scott Schuhert, Title IX Coordinator, Hailey Warren, h.warren@sunyocc.edu, (315) 498-2613
3. We also may take proactive steps, such as training or awareness efforts, to combat sexual violence in a general way that does not identify you or the situation you disclose.
4. We may seek consent from you prior to investigating. You may decline to consent to an investigation, and that determination will be honored unless the College's failure to act does not adequately mitigate the risk of harm to you or other members of the College community. Honoring your request may limit our ability to meaningfully investigate and pursue conduct action against an accused individual. If we determine that an investigation is required, we will notify you and take immediate action as necessary to protect and assist you.
5. When you disclose an incident to someone who is responsible for responding to or reporting sexual violence or sexual harassment, but wish to maintain confidentiality, the College will consider many factors to determine whether to proceed despite that request. These factors include, but are not limited to:
 - a. Whether the accused has a history of violent behavior or is a repeat offender.
 - b. Whether the incident represents escalation, such as a situation that previously involved sustained stalking.
 - c. Increased risk that the accused will commit additional acts of violence.
 - d. Whether the accused used a weapon or force.
 - e. Whether the reporting individual is a minor; and,
 - f. Whether we possess other means to obtain evidence such as security footage, and whether the report reveals a pattern of perpetration at a given location or by a group.
 - g. If the College determines that it must move forward with an investigation, the reporting individual and/or victim/survivor will be notified, and the College will take immediate action necessary to assist and to foster his/her/their safety.

Campus Safety Authorities

The College has identified certain administrators and staff, consistent with applicable law, as “Campus Security Authorities,” (CSAs) recognizing that many students, faculty, and staff may be hesitant about reporting crimes to Campus Safety and Security and may be more inclined to report incidents to non-law enforcement administrators and staff instead.

Campus Security Authorities are charged with reporting to appropriate law enforcement personnel to include: Campus Safety and Security or local, state, or federal law enforcement those allegations of Clery Act crimes that the CSA concludes are made in good faith. A CSA is not responsible for determining whether a crime took place as that is the function of law enforcement and its investigatory process.

A CSA is required to report all allegations to law enforcement personnel, even if the Campus Security Authority was told of a crime in the context of providing emotional support or health care support. The allegations will be reported whether the victim chooses to file a report with law enforcement or press charges. A Campus Security Authority may also provide a victim or witness with assistance in reporting a crime to Campus Safety and Security or local police, or to any official or office that should be informed of the crime or complaint. A link to the College's CSA training is provided below:

<https://www.sunyocc.edu/campus-safety/campus-security-authorities-csa>

Confidential Reporting Policy for Pastoral and Mental Health Counselors

Pastoral and mental health counselors are not Campus Security Authorities and are therefore exempt from disclosing or reporting allegations of crimes. However, the counselor must be acting in their professional role for the exemption to apply. Pastoral and mental health counselors are trained in the procedures for reporting crimes confidentially and have measures in place to ensure that confidentiality is kept throughout the process. The College encourages all professional counselors to inform their clients of the procedures in accordance with their professional judgment, given the individual victim and circumstances before them.

Campus Building Security & Access

This policy establishes procedures regarding facilities access, lockout re-admittance, and control over keys, access cards, lock combinations and other access control devices. The Director of Campus Safety and Security routinely reviews the plans for landscaping, lighting, alarms, signage, and other facilities issues for security issues.

1. During business hours, the College (excluding student housing where access is always limited to residents) is open to students, parents, employees, contractors, guests, and invitees. The general public is encouraged to attend cultural, athletic and other activities on campus with access limited to the facilities in which the events take place.
2. During non-business hours, access to all College facilities is limited by key card, key, or by admittance via the staff of Campus Safety and Security, Residence Life, or the SRC Arena. Residence Halls are secured 24 hours a day. At night and during periods of time when classes are not in session, College buildings are generally locked. Over extended breaks, the exterior doors will be secured around the clock via the campus key card system. Specific buildings may adopt different procedures or hours of operation for approved and designated special uses (e.g., late night student activities, special events, ad hoc classes).
3. Campus Safety Officers may request that any individual on College property without authorization, or who is unable to provide appropriate identification, leave the premises or be subject to arrest for criminal trespass.
4. Campus employees with assigned offices are issued keys, and they are responsible for reporting those found to be missing or stolen. Supervisors are responsible for determining who is to receive an access device and for maintaining an accurate and up-to-date record of all individuals to whom they have issued such devices. The Office of Human Resources is responsible for notifying Campus Safety and Security whenever there is a hire, promotion, transfer, or separation of an employee possessing an access device. In cases of a promotion or responsibility change, or a new employee, the supervisor must reevaluate the need for the individual to possess an Access Device. In cases of employee transfer or separation, Human Resources is responsible for the recovery of issued Access Devices from that employee and ensuring that lock combinations are changed when necessary.

Lighting

The campus lighting system is activated automatically by photocell, time clock or by computer-generated activation. All lighting is activated by dusk and will remain on until sunrise. The Campus lighting system is active 365 days per year.

1. Lights On — The Department of Campus Safety is committed to making the campus a safe place. A big part of this effort is outside lighting, and we can use your help.
 - a. To report a light that is out, please call (315) 498-2478. Give the exact location of the light and, if it is a pole light, the number on the pole.
 - b. To report an area on campus with insufficient lighting, notify occinfo@sunyocc.edu

Pedestrian Safety

Each sidewalk is well lit by lights. The roadways also have marked designated crosswalks to assist with pedestrian safety.

Camera System

Onondaga Community College has installed over 350 cameras on campus. Cameras are mounted in areas that allow Campus Safety to monitor both interior and exterior spaces. The campus camera system is monitored 24 hours per day, 365 days a year.

Zero Eyes Weapons Detection System

Onondaga Community College has partnered with Zero Eyes Weapons Detection Systems for proactive protection from gun violence. Zero Eyes detects brandished guns, verifies the firearm and dispatches alerts to Law Enforcement providing them with critical information including location, weapon type, and description.

Emergency Blue Lights and Campus Emergency Phones

There are more than 40 emergency blue light boxes on campus that function continuously. These boxes connect directly to the Department of Campus Safety and Security when activated, making the reporting of emergency situations instantaneous. The boxes are clearly visible, denoted by their blue lights attached to the top of the boxes.

Campus emergency phones are located throughout each campus building and the instructions for their use are mounted at each phone location.

Red Button: Emergencies	White Button: Non- Emergencies	How to use the Call Boxes: Press Appropriate button.
Medical Emergencies	Information	1. A recording and the “call sent” light will let you know your call has been sent. For an Emergency, the siren will sound when the red button is activated. 2. When the call is received at Campus Safety and Security, the dispatcher will automatically know your location and will inquire as to the nature of your emergency to determine what assistance is required. 3. Push and hold the button to talk and release to listen (instructions are also located on each Call Box)

Security of Campus Residence Halls:

1. Each door that accesses the main hall is equipped with a security peephole.
2. Residence halls are locked 24-hours a day.
3. Card readers installed on exterior doors of each residence hall allow access to only authorized persons.
4. Key access to all suites and individual bedrooms.
5. If keys are lost, lock changes are completed expeditiously.
6. Blue Light call boxes are located at the entrance to each residence hall.
7. Security patrols are conducted on a regular basis.
8. Security cameras are in hallways and elevators in each residence hall.
9. During the academic semesters, there is additional security staffing from 5:00 pm to 5:00 am each day. Persons accessing the residence halls during these hours are required to present a College ID, or if a guest of a resident, a photo ID.
10. Throughout the year Residence Life staff and Campus Safety officials conduct programs relating to personal safety.

Security of Campus Residence Halls:

The Department of Campus Safety and Security maintains a record of all criminal activity occurring on campus. The Daily Crime and Fire log is available for viewing 24 hours per day at the headquarters of the Department of Campus Safety and Security located in the Service and Maintenance Building on Onondaga’s main campus. A Campus Safety Information Aide will provide the daily crime and fire log upon request and if available, a location in which to view it.

Criminal Activity: Off Campus

While Onondaga Community College does not have any recognized student organizations that are located off-campus, the College does support local law enforcement in responding to instances of student criminal behavior off campus. When an Onondaga Community College student is involved in an off-campus offense, Campus Peace Officers may assist with the investigation in cooperation with local, state, or federal law enforcement. Onondaga County police agencies routinely work and communicate with campus authorities to address serious incidents occurring in the immediate neighborhood and business areas surrounding or near campus. While local law enforcement agencies have primary jurisdiction in all areas off campus, Onondaga Community College Campus Safety Officers can and do respond to student-related incidents that occur in close proximity to campus. Officers have direct radio communications with all Onondaga County police agencies, fire departments and ambulance services to facilitate rapid response in any emergency.

Timely Warnings, Emergency Management Plan, & Emergency Notifications to the Campus Community

Timely Warnings

A “timely warning” to the entire campus shall be issued whenever, in the judgment of the Director of Campus Safety and Security, a serious and/or ongoing threat to students and employees is presented by a situation arising either on or off campus. For the purposes of releasing timely warnings, designees of the Director of Safety and Security include the Associate Director of Campus Safety and Security and the Senior Vice President & Chief Financial Officer.

Depending on the circumstances of the potential threat, timely warnings may be communicated by several means, including e-mail, the Onondaga Community College Alert System (AlertAware), the audible Emergency Notification System, CCTV, campus electronic bulletin boards, and hand-delivered fliers.

Emergency Management Plan, and Emergency Notifications

Onondaga Community College maintains and tests an All-Hazards Emergency Plan. The College’s emergency management plan includes information about critical incident management, incident priorities, and the roles staff will play in responding to an emergency.

Emergency notifications shall be authorized by the Director of Campus Safety and Security, or in his/her absence, the Associate Director of Campus Safety and Security or the Senior Vice President & Chief Financial Officer when a violent felony offense, significant emergency or dangerous situation is occurring that poses an immediate threat to the health and safety of students or employees on the campus or in the immediate area adjacent to campus. As appropriate, emergency notifications may be targeted at only a segment or segments of the campus community that is at risk. Emergency notifications will be issued immediately unless doing so would compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

The content of the emergency notification or warning will be determined by the Director of Campus Safety and Security, his/her designee, the Associate Director of Campus Safety and Security, or the Senior Vice President & Chief Financial Officer to include information describing the situation and precautionary measures to be taken by the campus community. Emergency Notifications will be made promptly and with a primary focus on the safety of all campus constituents.

Onondaga Community College Alert (AlertAware)

Communication is sent simultaneously to all available contact points for each person. Please note that the accuracy of the contact information provided to the College by members of the community is crucial to the successful notification of an emergency. Everyone is asked to make sure that all contact information provided to the College is current and accurate.

Audible Emergency Notification System

Additional means of mass emergency notification to the campus community is facilitated by the College's Audible Emergency Notification System (AENS). The AENS is an emergency notification system that provides real time audible communications to public locations before or during an emergency or event. The AENS consists of a network of speakers installed in public areas of campus buildings and in select exterior areas on campus.

College Evacuation Procedures and Annual Emergency Response and Evaluation Testing

The College conducts emergency response exercises each year that may include tabletop exercises, drills and/or full-scale exercises and tests of the Onondaga Community College Alert system. These tests are designed to evaluate the emergency plans and capabilities of the institution. Each semester unannounced evacuation drills are conducted in each building on campus, including all campus residential facilities. The evacuation drills are conducted with the assistance of the local Fire Department. The purpose of the evacuation drills is to test emergency response and evacuation procedures in each campus facility. By conducting surprise evacuation drills, students and staff are reminded of the locations of emergency exits in the buildings and provided guidance about the direction they should travel when exiting each facility. Evacuation procedure guides are posted at each exit and near fire alarm pull stations in each campus building.

Emergency Procedure Quick Reference Guides

The College posts quick reference guides that outline procedures to be followed in the event of an emergency on campus. These guides reference procedures to follow for each the emergencies listed in the College's emergency management plan, along with emergency phone numbers. The Emergency Quick References are posted throughout the Campus in the halls by the exits & Fire Alarm Pull stations and in multiple classrooms & Office Suites. A copy of the complete All-Hazards Emergency Management Plan can be found at:

Violence Against Women Act ("VAWA")

What is VAWA? Under The Violence Against Women Act ("VAWA"), colleges and universities are required to: (1) report dating violence, domestic violence, sexual assault, and stalking beyond crime categories the Clery Act already mandates; (2) adopt certain student discipline procedures, such as notifying alleged victims of their rights; and (3) adopt institutional policies to address and prevent campus sexual violence including providing routine and ongoing sexual violence prevention training to campus constituents.

Onondaga Community College supports and complies with all mandates of the Violence Against Women Act (VAWA).

Sexual Assault, Domestic Violence, Dating Violence and Stalking

Onondaga Community College is committed to fostering a campus community where individuals are treated with dignity and where allegations of prohibited conduct, including, but not limited to sexual violence, domestic or dating violence, sexual harassment, and stalking are treated seriously and timely resolved.

Title IX Coordinator / Investigators

Title IX investigators will not share identifying information with anyone beyond the Title IX Office without your permission, except in the rare event of an immediate or on-going threat to your safety or community safety. In cases of sexual assault or other criminal conduct, Title IX coordinators will share non-identifying details about the incident with the Department of Campus Safety for statistical purposes (as required by the federal Clery Act) and will advise you about the resources and assistance that the police can provide.

Title IX investigators will work with you to address your immediate concerns, connect you with appropriate resources, review the complaint options (informal, formal, criminal) available for further action, and help facilitate those actions at your request. Many actions and accommodations can be taken or made while protecting your identity. Some accommodations may require the Title IX coordinator to work with other College personnel (e.g., deans, Human Resources, housing staff), but they will only be pursued with your permission.

You may ask that a complaint be pursued without revealing your name or other identifying details. Your request will be accommodated to the extent possible, but an anonymous complaint on its own cannot be the basis for disciplinary action. In situations where a confidentiality request limits an investigation or prevents the College from taking direct disciplinary action, the College will take other reasonable steps to minimize the effects of the reported misconduct and to prevent its recurrence. You may also ask that a complaint not be pursued. However, in the rare event of an immediate or on-going threat, the College may need to take additional action to protect your safety and the safety of others.

Consistent with Title IX of the Education Amendments of 1972, Onondaga Community College does not discriminate

based on sex in its education programs and services. Retaliation against an individual who files a complaint of sex discrimination is strictly prohibited. Services and protections are provided pursuant to this Policy and NYS Education Law Article 129-B regardless of race, color, national origin, religion, creed, age, disability, sex, gender identity or expression, sexual orientation, familial status, pregnancy, predisposing genetic characteristics, military status, domestic violence victim status, or criminal conviction. Any questions regarding Title IX may be referred to the College's Title IX Coordinator at h.warren@sunyocc.edu or (315) 498-2613

Victim's Rights: Protection and Accommodations

The following protections and accommodations are available under this policy:

- Individuals reporting offenses described in this policy will be provided written information about the importance of evidence preservation, how and to whom to report these crimes, options about involving law enforcement and campus authorities, and assistance in notifying law enforcement if the reporting individual chooses, as well as the option to decline to notify authorities. Please note that the criminal justice process uses a different standard of proof than the civil process or the College conduct process. Specific questions about whether an incident violates the penal law should be directed to the Onondaga County District Attorney's Office. Reporting individuals also will be provided with information in writing about rights and institutional responsibilities regarding no contact orders, orders of protection, or other available applicable options.
- When the accused is a student, to request that the College issue a "No Contact Order," meaning that continuing to contact the protected individual is a violation of College policy subject to additional conduct charges. If the accused and a protected person observe each other in a public place, it is the responsibility of the accused to leave the area immediately and without directly contacting the protected person. Consistent with College policy and procedures, both the accused/respondent and the reporting individual may request a prompt review of the need for and terms of a no contact order. Parties may submit relevant evidence in support of their request.
- To have assistance from Campus Safety and Security or other College officials to initiate legal proceedings in Family, criminal or Civil Court and to obtain an Order of Protection or, if outside New York State, an equivalent protective or restraining order.
- To receive a copy of the Order of Protection or equivalent and have an opportunity to meet or speak with a college official who can explain the order and answer questions about it, including information from the order about the accused's responsibility to stay away from the protected person(s).
- To receive an explanation of the consequences for violating these orders, including but not limited to arrest, additional conduct charges, and interim suspension.
- To have assistance from Campus Safety and Security in affecting an arrest when an individual violates an order of protection or, if Campus Safety and Security does not have arresting powers in the applicable jurisdiction, to call on and assist local law enforcement in effecting an arrest for violating such an order.
- When the accused is a student and presents a continuing threat to the health and safety of the community, to have the accused subject to interim suspension pending the outcome of a conduct process. Consistent with College policy and procedure, any party may request prompt review of the need for and terms of an interim suspension.

- When the accused is not a student but is a member of the College community and presents a continuing threat to the health and safety of the community, to have interim measures applied to the accused in accordance with applicable collective bargaining agreements, employee handbooks, and College rules and policies.
- When the accused is not a member of the College community, to have assistance from Campus Safety and Security or other College officials in obtaining a persona non grata letter, subject to legal requirements and College policy.
- To obtain reasonable and available interim measures and accommodations that affect a change in academic, housing, employment, transportation, or other applicable arrangements to ensure safety, prevent retaliation, and avoid an ongoing hostile environment; any individual may make a request through any of the offices referenced in this policy. The Title IX Coordinator can serve as a point of contact to assist with these measures, as well as to assist with a request for a prompt review of the need for and terms of any interim measures and accommodations that directly affect the requesting party. The Title IX Coordinator at Onondaga Community College is Hailey Warren h.warren@sunyocc.edu, (315) 498-2613

College Student Conduct Procedures:

A reporting individual may request that student conduct charges be filed against an accused student. Conduct charges may be applied to any incident with a reasonable connection to the campus, including incidents that occur on campus, off campus, or while studying abroad.

Policy N5-Student Conduct and Disciplinary Procedures (<https://www.sunyocc.edu/node/17736>), the Onondaga Community College Student Conduct Procedures, federal and New York State law, including the due process provisions of the United States and New York State Constitutions, govern Onondaga Community College's Student Conduct proceedings.

The College will conduct a timely review of all complaints filed pursuant to this policy. Absent extenuating circumstances, review and resolution is expected to take place within 60 calendar days from receipt of the complaint. If an appeal is filed, a final resolution is expected within 30 additional days, absent extenuating circumstances.

The standard of review in all cases arising under this policy is a "preponderance of the evidence" – whether it is "more likely than not" that a prohibited act occurred, and the accused person committed that act. If the totality of the evidence presented meets this standard, then the accused must be found responsible.

Throughout the conduct proceedings, the respondent and the reporting individual will receive:

- The same opportunity to be accompanied by an advisor of his or her choice who may assist and advise the party throughout the process and any related hearings or meetings. Participation of the advisor in any proceeding is governed by federal law and the Student Code of Conduct. Advisors are required to conduct themselves in a manner supportive of the proceedings and consistent with the rules of the conduct process.
- A prompt response to any complaint and to have a complaint investigated and adjudicated in an impartial, timely, and thorough manner by individuals who receive annual training in conducting investigations of sexual violence, the effects of trauma, impartiality, the rights of the respondent including the right to a presumption that the respondent is "not responsible" until a finding of responsibility is made, and other issues related to sexual assault, domestic violence, dating violence, and stalking.
- An investigation and process conducted in a manner that recognizes the legal and policy requirements of due process, including fairness, impartiality, and a meaningful opportunity to be heard, and is not conducted by individuals with a conflict of interest.
- Advance written or electronic notice of the date, time, and location of any meeting or hearing they are required or eligible to attend. Accused individuals also will be told of the factual allegations upon which the accusation is based, the specific provisions of the code of student conduct alleged to have been violated, and the possible sanctions.

- Timely review of the allegations. The conduct process will run concurrently with a criminal justice investigation and proceeding, except for temporary delays as requested by external municipal entities while law enforcement gathers evidence. Temporary delays should not last more than 10 days except when law enforcement specifically requests and justifies a longer delay.
- The right to offer evidence during an investigation and to review relevant evidence in the case file or otherwise in the possession of the College. The College official presiding at and/or hearing a case may exclude evidence that has not been shared or adjourn the hearing to afford all parties the opportunity to review evidence to be presented during a hearing. The College official presiding at and/or hearing a case will make the final decision relating to the admissibility of all evidence, consistent with this policy.
- The right to present evidence and testimony at a hearing where appropriate.
- A range of options for providing testimony via alternative arrangements, including telephone/videoconferencing, or testifying with a room partition.
- The right to exclude prior sexual history with persons other than the other party in the conduct process or their own past mental health diagnosis or treatment from admittance in the College disciplinary stage that determines responsibility. Past findings of domestic violence, dating violence, stalking, or sexual assault may be admissible in the disciplinary stage that determines sanction.
- The opportunity to ask questions of the decision maker and via the decision maker indirectly request responses from other parties and any other witnesses present.
- The opportunity to make an impact statement during the point of the proceeding where the decision maker is deliberating on appropriate sanctions.
- Simultaneous (among the parties) written or electronic notification of the outcome of a conduct proceeding, including the decision, any sanctions and their rationale, any available appeals procedures; changes that may occur prior to the outcome becoming final; and, when the results will be final.
- Written or electronic notice of the sanction(s) that may be imposed on the accused based upon the outcome of the conduct. For students found responsible for sexual assault, the available sanctions are suspension with additional requirements and expulsion/dismissal.
- Access to at least one level of appeal of a determination before a panel, which may include one or more students, that is fair and impartial and does not include individuals with a conflict of interest.
- The right to have access to a full and fair record of a student conduct hearing, which shall be preserved and maintained for at least five (5) years.
- Both the accused and the reporting individual retain the right to choose whether to disclose or discuss the outcome of a conduct hearing. Disclosures by the institution will occur, if at all, only after a final determination has been made and all appeals have been exhausted unless otherwise required by law.

Statutory Mandates

Nothing in this document shall be construed to preclude or in any way restrict the College from carrying out its duties under law to report suspected offenses to the appropriate law enforcement authorities. Except as required by law, the College will take care not to identify the victim.

Nothing in this document shall be construed to preclude or in any way restrict the College from issuing a Timely Warning when the College is aware of a reported sexual assault incident that potentially puts the campus community at risk. The College will take care not to identify the victim in such notices but may, in certain cases of continuing danger, identify the suspect, assailant or the address where the crime occurred.

DEFINITIONS:

Affirmative Consent: Affirmative consent is a knowing, voluntary, and mutual decision among all participants to engage in sexual activity. Consent may be given by words or actions, as long as those words or actions create clear permission regarding willingness to engage in the sexual activity. Silence or lack of resistance, in and of itself, does not demonstrate consent. The definition of consent does not vary based upon a participant's sex, sexual orientation, gender identity or gender expression. Consent to any sexual act or prior consensual sexual activity between or with any party does not necessarily constitute consent to any other sexual act. Consent is required regardless of whether the person initiating the act is under the influence of drugs and/or alcohol. Consent may be initially given but withdrawn at any time. Consent cannot be given when a person is incapacitated, which occurs when an individual lacks the ability to knowingly choose to participate in sexual activity. Incapacitation may be caused by the lack of consciousness or being asleep, being involuntarily restrained, or if an individual otherwise cannot consent. Depending on the degree of intoxication, someone who is under the influence of alcohol, drugs, or other intoxicants may be incapacitated and therefore unable to consent. Consent cannot be given when it is the result of any coercion, intimidation, force, or threat of harm. When consent is withdrawn or can no longer be given, sexual activity must stop.

Dating Violence: New York State does not specifically define "dating violence." However, under New York Law, intimate relationships are covered by the definition of domestic violence when the act constitutes a crime listed elsewhere in this document and is committed by a person in an "intimate relationship" with the victim. See "Family or Household Member" for definition of "intimate relationship."

Domestic Violence: An act which would constitute a violation of the penal law, including, but not limited to acts constituting disorderly conduct, harassment, aggravated harassment, sexual misconduct, forcible touching, sexual abuse, stalking, criminal mischief, menacing, reckless endangerment, kidnapping, assault, attempted murder, criminal obstruction or breaching or blood circulation, or strangulation; and such acts have created a substantial risk of physical or emotional harm to a person or a person's child. Such acts are alleged to have been committed by a family member. The victim can be anyone over the age of sixteen, any married person or any parent accompanied by his or her minor child or children in situations in which such person or such person's child is a victim of the act.

Family or Household Member: Person's related by consanguinity or affinity; Persons legally married to one another; Person formerly married to one another regardless of whether they still reside in the same household; Persons who have a child in common regardless of whether such persons are married or have lived together at any time; Unrelated persons who are continually or at regular intervals living in the same household or who have in the past continually or at regular intervals lived in the same household; Persons who are not related by consanguinity or affinity and who are or have been in an intimate relationship regardless of whether such persons have lived together at any time. Factors that may be considered in determining whether a relationship is an "intimate relationship" include but are not limited to the nature or type of relationship regardless of whether the relationship is sexual in nature; the frequency of interaction between the persons; and the duration of the relationship. Neither a casual acquaintance nor ordinary fraternization between two individuals in business or social contexts shall be deemed to constitute an "intimate relationship"; Any other category of individuals deemed to be a victim of domestic violence as defined by the office of children and family services in regulation. Intimate relationship status shall be applied to teens, lesbian/gay/bisexual/transgender, and elderly individuals, current and formerly married and/or dating heterosexual individuals who were or are in an intimate relationship.

Parent: means natural or adoptive parent or any individual lawfully charged with a minor child's care or custody.

Sexual Assault: New York State does not specifically define sexual assault. However, according to the Federal Regulations, sexual assault includes offenses that meet the definitions of rape, fondling, incest, or statutory rape as used in the FBI's UCR program.

How to be an Active Bystander

Onondaga Community College expects all members of the campus community to take reasonable and prudent actions to prevent or stop acts of sexual misconduct. Educating and engaging bystanders are effective ways to help prevent acts of sexual misconduct.

Bystanders can help in several different ways, including direct intervention, seeking assistance from an authority figure, notifying Campus Safety and Security, or calling State or local law enforcement. If you see an act of sexual misconduct, it is important to understand that no individual has the right to be violent, regardless of whether people are in a relationship. Recognizing when acts of sexual misconduct are occurring is the first step to intervening. Required campus education and training programs give a full synopsis on recognizing when sexual misconduct is taking place. If you make the decision to intervene, do so safely, violence does not stop violence, and, if you cannot stop the act with your words, call law enforcement. Do not be afraid to ask a Resident Assistant, Resident Hall Director, or other students for help.

If a victim confides in you, it is important to let the victim describe what occurred. Listen respectfully and help them explain and identify what has happened to them. Do not contradict them or play "devil's advocate" even if parts of the incident described do not immediately make sense or even if you would have made other choices when presented with the same scenario or challenges. Help the victim identify others in their network who they can confide in. Ask the victim what they need to feel safe, encourage them to seek medical attention and counseling, and encourage them to report the act if they feel comfortable doing so. The first people that a victim talks to can have a significant impact on the person and their ability to report and get through an ordeal. Be a supportive, kind, understanding and nonjudgmental person and you can be a positive force for this victim in seeking the help they require to move forward.

Risk Reduction

1. Be aware of your surroundings. Knowing where you are and who is around you may help you to find a way to get out of a bad situation. Whether walking to the library or leaving a party, use a well-lit route back and stay aware of your surroundings.
2. Try to avoid isolated areas. It is more difficult to get help if no one is around.
3. Walk with purpose. Even if you do not know where you are going, act like you do.
4. Trust your instincts. If a situation or location feels unsafe or uncomfortable, it probably is not the best place to be, go with your gut. If you see something suspicious, contact law enforcement immediately, (local authorities can be reached by calling 911 in most areas of the U.S.
5. Be True to yourself. If someone is pressuring you, it's better to lie and make up an excuse to leave than stay and be uncomfortable, scared, or worse. Your safety comes before someone else's feelings or what they might think of you.
6. Try not to load yourself down with packages or bags as this can make you appear more vulnerable.
7. Make sure your cell phone is with you and charged and that you have money for Uber/Lyft.
8. Do not allow yourself to be isolated with someone you do not trust or someone you do not know.
9. Avoid putting music headphones in both ears so that you can be more aware of your surroundings, especially if you are walking alone.
10. Be mysterious online. Posting social media updates about your whereabouts, even your class schedule, could allow someone to track your every move. If you wouldn't give that information to a stranger, then don't post it online.
11. When you go to a social gathering, go with a group of friends. Arrive together, check in with each other throughout the evening, and leave together. Knowing where you are and who is around you may help you to find a way out of a bad situation.
12. Do not leave your drink unattended while talking, dancing, using the restroom, or making a phone call. If you have left your drink alone, just get a new one.
13. Do not accept drinks from people you do not know or trust. If you choose to accept a drink, go with the person to the bar to order it, watch it being poured, and carry it yourself. At parties, do not drink from punch bowls or other large, common open containers.
14. Watch out for your friends, and vice versa. If a friend seems out of it, is way too intoxicated for the amount of alcohol they have had, or is acting out of character, get him or her to a safe place immediately.
15. If you suspect you or a friend has been drugged, contact law enforcement immediately, (local authorities can be reached by calling 911 in most areas of the U.S.). Be explicit with doctors so they can give you the correct tests (you will need a urine test and possibly others).
16. If you need to get out of an uncomfortable or scary situation here are some things that you can try:
 - a. Remember that being in this situation is not your fault. You did not do anything wrong; it is the person who is making you uncomfortable that is to blame.
 - b. Be true to yourself. Do not feel obligated to do anything you do not want to do. "I don't want to" is always a good enough reason. Do what feels right to you and what you are comfortable with.
 - c. Have a code word with your friends or family so that if you do not feel comfortable you can call them and communicate your discomfort without the person you are with knowing. Your friends or family can then come to get you or make up an excuse for you to leave.
 - d. Lie. If you do not want to hurt the person's feelings, it is better to lie and make up a reason to leave than to stay and be uncomfortable, scared, or worse. Some excuses you could use are needing to take care of a friend or family member, not feeling well, having somewhere else that you need to be, etc.
17. Try to think of an escape route. How would you try to get out of the room? Where are the doors? Windows? Are there people around who might be able to help you? Is there an emergency phone nearby?
18. If you and/or the other person have been drinking, you can say that you would rather wait until you both have your full judgment before doing anything you may regret later.

Institutional Response to Reports of VAWA Crimes

The institution has programs to prevent domestic violence, dating violence, sexual assault, and stalking. When an incident of domestic violence, dating violence, sexual assault, or stalking is reported, the College will provide victims with written notice of available options, remedies, and services. If the accused individual is a student, the standard of evidence used in an institutional disciplinary hearing will be preponderance of the evidence.

Educational Programs - VAWA Crimes

The College engages in comprehensive, intentional, and integrated programming, initiatives, strategies, and campaigns intended to end dating violence, domestic violence, sexual assault and stalking that: are culturally relevant, inclusive of diverse communities and identities, sustainable, responsive to community needs, and informed by research, or assessed for value, effectiveness, or outcome; and consider environmental risk and protective factors as they occur on the individual, relationship, institutional, community and societal levels.

Educational programming consists of primary prevention and awareness programs for all incoming students and new employees and ongoing awareness and prevention campaigns for students and employees that:

1. Identifies domestic violence, dating violence, sexual assault and stalking as prohibited conduct.
2. Defines using definitions provided both by the Department of Education as well as state law what behavior constitutes domestic violence, dating violence, sexual assault, and stalking.
3. Defines what behavior and actions constitute consent to sexual activity in the State of New York and/or using the definition of consent found in the Student Code of Conduct if state law does not define consent.
4. Provides a description of safe and positive options for bystander intervention. Bystander intervention means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and acting to intervene.
5. Information on risk reduction. Risk reduction means options designed to decrease perpetration and bystander in action and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.
6. Provides an overview of information contained in the Annual Security Report in compliance with the Clery Act.

The College has developed an annual educational campaign consisting of presentations that include distribution of educational materials to new students, participating in and presenting information and materials during new employee orientations.

The Sexual Assault Prevention Committee provides diverse services that educate, support, motivate and empower students, faculty, and staff with regards to sexual assault and relationship violence.

Programs incorporate topics that raise awareness about sexual assault and relationship violence; define and discuss consent, coercion, and sexual assault; the interplay with substance use; resources for recovery; and bystander intervention to help prevent and eradicate these violent behaviors.

The Sexual Assault Prevention Committee provides training opportunities and leadership to this group. Included among the sexual assault prevention initiatives are mandatory prevention programs for incoming students during orientation and prevention programs for all students throughout the academic year. Training programs on the sexual assault response protocol are offered throughout the year for faculty and staff.

Information Regarding Registered Sex Offenders

The Sex Offender Registration Act requires the Division of Criminal Justice Services (DCJS) to maintain a Sex Offender Registry. The Registry contains information on sex offenders classified according to their risk of re-offending: low-risk (Level 1), moderate-risk (Level 2) and high-risk (Level 3). The Act requires that the Division also maintain a Subdirectory of Level 2 and Level 3 Sex Offenders.

The DCJS Sex Offender Registry site may be found on the web and contains their Subdirectory of Level 2 and Level 3 Sex Offenders as well as other information regarding New York State's Sex Offender Registry.

Sex offenders registered in New York are now required to notify the Registry of any institution of higher education at which he or she is, or expects to be, whether for compensation or not, enrolled, attending or employed, and whether such sex offender resides or expects to reside in a facility operated by the institution. Changes in status at the institution of higher education must also be reported to the Registry no later than ten days after such change.

The Division of Criminal Justice Services' Sex Offender Registry may be found at <http://www.criminaljustice.ny.gov/nsor/>.

Crime Reduction Strategies at OCC

Availability of Security Awareness Programs for Students & Employees

Members of the campus community are informed about the services offered by the Department of Campus Safety and Security during residential student move-in each semester, during enrollment each semester for commuter students, and during employee orientations.

The Department of Campus Safety and Security and the Office of Human Resources regularly present safety awareness programs to college staff. At least twice per semester all new employees attend an orientation session where safety and security information are presented. Additional sessions are conducted with current faculty and staff on a regular basis. At each of these educational sessions, the College's emergency procedures are highlighted, and listeners are reminded where they can locate them on the College's website and where they are posted on campus. "Hands-on" Active shooter training is conducted by Campus Safety utilizing curriculum developed by Armoured One LLC.

The Department of Campus Safety and Security regularly conducts security assessments of College facilities in order to determine if additional security measures need to be taken to maintain staff and facility security.

Campus Crime Prevention Programs

Safety and security on campus is built on a strong foundation that includes:

- **Community Policing:** Campus Safety strives to develop and maintain a positive relationship with all members of the campus community with a supportive community-oriented approach to law enforcement. The Department of Campus Safety and Security will conduct safety-related programming at least once per semester. That program will be directed to both the larger campus community and the residence life population.
- **Individual Responsibility:** Every member of the College community is responsible for his/her own safety by taking simple, common-sense precautions and reporting incidents to the Department of Campus Safety and Security and other campus authorities.
- **Safety Escorts:** One of our most important safety programs, the Safety Escort Service, is offered to students and staff and is conducted by Campus Peace Officers or Security Guards. Safety Escorts are offered 24 hours per day, 7 days a week 365 days a year.

We Care Committee

The purpose of the We Care Committee is to exchange concerns about student behavior in an environment that is safe, respectful, and helpful to the retention of the student and in the mutual interest of all students and the entire campus community.

Coordinated by the Department of Student Services, We Care is comprised of faculty and administrators from various campus departments including Campus Safety and Security, Counseling, Disability Services, Student Rights and Responsibilities, Residence Life, Student Association and Student life and Development. The committee discusses and resolves student matters that enable the College to appropriately address student, department, and College needs in a confidential or need-to-know manner. The strength and success of “We Care” is due to the consistent collaboration and expertise of the professionals involved. Reports of concern about student behavior should be directed to the Office of Accessibility Resources (OAR) for referral to the Case Collaboration Committee.

Campus Safety Advisory Committee

The primary objective of the advisory committee is to plan, creatively problem-solve, and actively engage in innovative strategies promoting public safety, a sense of belonging and mutual respect understanding between Campus Police and the College community. The Advisory Committee meetings typically meet four times per academic year. The Advisory Committee is comprised of a group of students, faculty, and law enforcement.

Pursuant to Article 129 A of the New York State Education Law § 6431, Onondaga Community College will maintain a Campus Safety Advisory Committee responsible for evaluating and recommending changes to the College's campus safety efforts. The Advisory Committee of Campus Safety will provide upon request all campus crime statistics as reported to the United States Department of Education. Campus crime statistics can be found online at <https://ope.ed.gov/campusafety>

The committee charge is as follows: “The responsibilities of the committee include reviewing current campus security policies and procedures and making recommendations for their improvement. It shall specifically review current policies and procedures for 1) Educating the College community, including Security Personnel and those who advise or supervise students and security personnel about sexual assault, domestic violence, stalking prevention, applicable laws, ordinances and regulations, and the penalties for commission of those offense pursuant to the New York State Education Law §6432; 2) Educating the College Community about personal safety and crime prevention; 3) reporting of sexual assaults and dealing with sexual assault victims during an investigation; 4) referring complaints to appropriate authorities where necessary; 5) counseling crime victims; and 6) responding to inquiries from concerned persons.”

The Campus Safety Advisory Committee is chaired by the Director of Campus Safety and Security and is comprised of members of the campus community representing a broad spectrum of areas of expertise and consistent with the provisions of Sec. 6431.

Violence Prevention

Onondaga Community College is concerned about and committed to the safety and security of its students, employees, visitors, and all other members of the College community. Threats, threatening behavior, or acts of violence against employees, students, visitors, guests, or other individuals by anyone on college property, including the residence halls, will not be tolerated.

Upon receiving reports of violence, threatening behavior or violent acts occurring on College property, in College residence halls, or by individuals who are College employees or students or relate to the College in any way, the College will investigate and take appropriate corrective action as the circumstances warrant. The College reserves the right to take any and all appropriate corrective action, including removing the perpetrator of violent or potentially violent acts from the premises as quickly as safety permits, pending the outcome of a final investigation. The College's response to incidents of violence may include reassignment of job duties, discipline up to and including discharge, dismissal from the College, and criminal or civil prosecution of those involved.

All College personnel, students, and community members should notify Campus Safety and Security of any threats they have witnessed, received, or have been told that another person has witnessed or received. College personnel, students, and community members should report behavior they regard as potentially threatening or violent if that behavior bears any connection to the College (i.e., conduct that is job-related, conduct that occurs on a college- controlled site, threats of violence against or by students, etc.).

The College will neither retaliate against those who report potential incidents of violence nor discriminate against victims of such violence. An employee, student or member of the College Community who applies for or obtains a protective or restraining order that lists College locations should provide a copy of the petition and declarations used to seek the order and should provide a copy of any temporary or permanent protective or restraining order that is granted to Campus Safety and Security. The College has confidentiality procedures that recognize and respect the privacy of reporting employees.

Bias / Hate Crime Prevention

It is an Onondaga Community College mandate to protect all members of the campus community by preventing and prosecuting bias or hate crimes that occur within the campus's jurisdiction. Hate crimes, also called bias crimes or bias-related crimes, are criminal activities motivated by the perpetrator's bias or attitude against an individual victim or group based on perceived or actual personal characteristics. These personal characteristics may include but are not limited to their race, religion, ethnicity, gender, sexual orientation, or disability. Hate/bias crimes have received renewed attention in recent years, particularly since the passage of the federal Hate/Bias Crime Reporting Act of 1990 and the New York State Hate Crimes Act of 2000 (Penal Law Article 485). Copies of the New York law are available online at <http://ypdcrime.com/penal.law/index.htm>.

Penalties for bias-related crimes are very serious and range from fines to imprisonment for lengthy periods, depending on the nature of the underlying criminal offense, the use of violence or previous convictions of the offender. Students engaging in such behaviors will also be subject to campus disciplinary procedures where sanctions, including dismissal, are possible.

In addition to preventing and prosecuting hate/bias crimes, Onondaga Community College also assists in addressing bias-related activities that do not rise to the level of a crime. These activities, referred to as bias incidents and defined as acts of bigotry, harassment, or intimidation directed at a member or group based on their national origin, ethnicity, race, age, religion, gender, sexual orientation, disability, veteran status, color, creed, or marital status, are prohibited, and will be addressed through the College's judicial process.

If you are a victim of, or witness to, a hate/bias crime on campus, report it to Campus Safety and Security immediately. An investigation of the report will be conducted and disciplinary procedures, if applicable, will be followed. Victims of bias crime or a bias incident are encouraged to seek victim support services from the College's Counseling Department located in the Gordon Student Center.

Statement of Self-Reporting and Bystander Intervention (Good Samaritan)

Onondaga Community College students are expected to be aware of their health and safety and encouraged to help fellow students when their health and safety is in danger. When a person's health or safety is threatened due to consumption of alcohol, unlawful drugs, controlled substances and/or synthetic materials, or for other reasons, immediate action should be taken. This could include alerting medical personnel, Campus Safety and Security, or an appropriate college official.

The College recognizes that students who have been drinking and/or using drugs may be hesitant to seek medical help for themselves or others in medical emergencies due to fear of potential consequences for their own conduct. To ensure that a student obtains the help they need for these potentially life-threatening emergencies, the College seeks to reduce barriers to seeking medical attention.

This policy eliminates the student conduct consequences for student seeking assistance, for the assisted individual, and for others involved. It applies only to policies involving the use of alcohol and drugs. The policy does not preclude action regarding other policy violations.

In addition, the assisted student must agree to timely completion of assigned alcohol and/or drug education activities, assessment, and/or treatment. Failure to complete this follow-up will result in revocation of the medical amnesty.

The Director retains discretion not to apply this policy in situations where the assisted individual has repeated incidents.

In all cases, the incident will be documented. This practice does not preclude action by Campus Safety and Security or other legal authorities.

Alcohol and Drug Abuse Education Programs

The College has developed programs designed to prevent the illicit use of drugs and abuse of alcohol by students and employees. The programs provide services related to drug use and abuse of alcohol to include the dissemination of written informational materials annually to both students and employees. These written materials include information on the College's standards of conduct, disciplinary sanctions for violations of the standard of conduct, possible legal sanctions and penalties, health risks associated with alcohol and drug abuse, educational programming available to students, staff and faculty, counseling services, and referrals.

Health Risks: Drug and Alcohol Abuse:(referenced from the National Institute of Health -NIH)

- Alcohol: Ethyl alcohol, or ethanol, is an intoxicating ingredient found in beer, wine, and liquor. Alcohol is produced by the fermentation of yeast, sugars, and starches. It is a central nervous system depressant that is rapidly absorbed from the stomach and small intestine into the bloodstream.
 - Alcohol affects every organ in the drinker's body and can damage a developing fetus. Intoxication can impair brain function and motor skills; heavy use can increase the risk of certain cancers, stroke, and liver disease. Alcoholism or alcohol dependence is a diagnosable disease characterized by a strong craving for alcohol, and/or continued use despite harm or personal injury. Alcohol abuse, which can lead to alcoholism, is a pattern of drinking that results in harm to one's health, interpersonal relationships, or ability to work.
- Drug addiction is a brain disease. Although initial drug use might be voluntary, drugs of abuse have been shown to alter gene expression and brain circuitry, which in turn affect human behavior. Once addiction develops, these brain changes interfere with an individual's ability to make voluntary decisions, leading to compulsive drug craving, seeking and use.
 - The impact of addiction can be far reaching. Cardiovascular disease, stroke, cancer, HIV/AIDS, hepatitis, and lung disease can all be a result of drug abuse. Some of these effects occur when drugs are used at high doses or after prolonged use; however, some may occur after just one use.

The following is a list of drug and alcohol abuse prevention programming facilitated by the College.

- Campus Safety Training to include drugs, alcohol and controlled substances, theft, weapons, trespassing and physical assault.
- New Employee Orientation
- Alcohol and Other Drug Abuse Prevention workshops

Missing Students

If a member of the College community has reason to believe that a student who resides in on-campus housing is missing, he or she should immediately notify the Department of Campus Safety and Security at (315) 498-2311. Campus Safety and Security will create a missing person's report and initiate an investigation.

In addition to registering a general emergency contact, students residing in campus housing have the option to confidentially identify an individual to be contacted by the College if the student is determined to be missing for more than 24 hours. If a student has identified such an individual, the College will notify that individual no later than 24 hours after the student is determined to be missing. All entering residential students are asked to complete an Emergency Contact Form upon moving into campus housing where they may provide a confidential contact. Residential students that failed to register a confidential contact when initially completing the form or who wish to change their designated contact may do so through the Office of Residence Life at (315) 498-2351. A student's confidential contact information will be accessible only by authorized campus officials and law enforcement in the course of an investigation.

Campus Safety and Security will complete a report regardless of how long the person is believed to have been missing. It is the policy of the Department of Campus Safety and Security to take immediate reports on all persons thought to be "missing" and to immediately begin efforts to locate the person. All Campus Safety Officers are trained in the investigation of missing persons and to coordinate with any outside local law enforcement as necessary. The policy regarding notification procedures applies only to students living in campus housing.

Please note that when a student is determined to be missing, Federal law requires the campus to provide missing person information to:

- All local police agencies pursuant to the Memorandums of Understanding
- The student has designated contact person if one is provided.
- Custodial parents or guardians of students under the age of 18
- Campus Safety and Security will immediately conduct an initial investigation in conjunction with local police agencies pursuant to any existing memorandums of understanding and will assist in making all necessary notifications.

Annual Fire Safety Report

Fire Safety at Onondaga Community College

The Department of Campus Safety and Security and the Department of Facilities oversee all efforts related to Fire Prevention and Control. For many of our residential students, Onondaga Community College is their first living experience away from home. The challenge to our institution is to provide a safe environment where faculty, staff, students, and visitors can learn, live and work. The integral parts of our life safety philosophy include fire safety education, engineering controls, and enforcement of campus policies, state laws and state fire codes. It is with this combination of education, engineering, and enforcement that we can reduce the risk of a fire event on our campus. This report will describe our fire prevention and life safety programming at Onondaga Community College, and will demonstrate how engineering, education and enforcement work together to make sure that all members of our community can return safely home without fire related injury or loss of property.

Perhaps the most important aspect of fire prevention is education. It is through life safety and fire prevention training, emergency evacuation drills, live fire training with portable fire extinguishers, tabling, and our annual Fire Prevention Day that the message of awareness and emergency response is disseminated throughout our community. We are excited to collaborate with the New York State Office of Fire Prevention and Control, and the Onondaga Hill Volunteer Fire Department in providing valuable life preserving information to our community members.

Enforcement of state laws, campus policies, and state fire codes is important in maintaining safe behaviors and buildings. Onondaga Community College Campus Peace Officer personnel are sworn Peace officers empowered to investigate crimes and make arrests. As such, they are responsible for maintaining order through the enforcement of state laws, some of which – arson, criminal tampering, and falsely reporting an incident– have a direct connection to fire safety. Additionally, Campus Safety and Residential Life staff work together in administering campus standards of conduct. These standards can be found in the College's student code of conduct.

Enforcement and education work together in an annual fire safety inspection by the New York State Office of Fire Prevention and Control. Every space on campus is inspected in detail on an annual basis. While code violations are cited in the inspection process, these inspections are also used as an opportunity to meet face-to-face with resident students to discuss the violations and how they impair their safety.

Please take some time to review the information found in this report. We encourage you to contact the Department of Campus Safety and Security or Facilities should you have any questions or comments about this document.

Residence Hall Fire Safety

Fire Safety Systems

All Residence Halls are equipped with state-of-the-art addressable fire alarm systems including smoke and heat detection devices. Activated fire alarm systems notify building occupants with distinctive audible and visual notification devices. All fire alarms ring into the office of Campus Safety, which is monitored twenty-four hours a day. EVERY full alarm of fire is reported to the Onondaga Hill Fire Department. Evacuated buildings are not re-occupied until the fire department has arrived on scene, investigated the alarm, and has given its approval to re-occupy the building.

All Residence Halls have full fire sprinkler systems and are provided with emergency illumination through emergency lighting and illuminated exit signs.

Fire alarm systems are inspected, tested and maintained in accordance with NFPA 72 "National Fire Alarm Code". This work is completed by contract with a third party.

Fire sprinkler systems, fire pumps, and fire hydrants are inspected, tested and maintained in accordance with NFPA 25 Standard for the Inspection Testing and Maintenance of Fire Protection Systems are overseen by the Facilities Department. This work is completed by trained employees of Onondaga Community College.

Portable fire extinguishers are found throughout all our residence halls. Training on the use of portable fire extinguishers can be obtained by contacting the Department of Campus Safety and Security.

Fire Safety Education - Students

The Department of Campus Safety and Security is responsible for providing fire prevention and life safety information to the Campus Community. Training is provided to all in-coming students with the assistance of the Office of Residence Life. Training is also given to all Resident Assistants and Residence Directors at the beginning of the academic year. Onondaga Community College is host to an annual Fire Safety workshop held each Fall. This involved a partnership between Campus Safety and the New York State Office of Fire Prevention and Control along with local Fire Departments and Onondaga County Emergency Management.

Included in the workshop is a residence hall fire simulation. The Residence Hall fire simulation will demonstrate the importance of Resident Hall fire safety evacuation training programs and will include the building being under full alarm, loss of power and lights, room and hall smoke generation and blocked egress routes. Multiple emergency response agencies and emergency management teams will participate in this controlled building evacuation exercise.
