Meeting minutes from 9.25.26

Present

Choseed

Southern

Mitchell

O'Connor
Linton

Note: new members not invited to this meeting

Purpose of the meeting was to figure out where we left off last year and review new charges

Southern suggested OCC would benefit from some sort of survey instrument that identified stressors for students before the start/at admission. O'Connor mentioned ATD has examples of how this might work.

O'Connor talked about different ways OCC ensures non-retaliation, eg the policy manual. He suggested we talk with faculty senate about it, see what is involved in suggesting a required syllabus statement about non-retaliation.

For next meeting, Choseed will create a new project spreadsheet and ensure everyone has access to the ShareDrive.
